

doTerra Medicine Cabinet Makeover FREE Class!

Essential oils have been used for hundreds of years for ritual, perfume and therapeutic purposes. doTerra CPTG Essential Oils are bringing essential oils into the lime light by teaching people how to use these wonderful, healing oils for themselves, their families, and friends.

This free class will show you how you can use safe essential oils to replace many of the items you now have in your medicine cabinet. They do not replace medical treatments or visits to the doctor, but they can be used for those minor everyday issues – minor cuts and abrasions, headaches, immune support, colds, aches and pains that don't require a doctor visit.

Join Linda to learn how you can use the amazing essential oils for health, cleaning, and more.

The class is free – so you stand gain everything and lose nothing! Win/Win for all!

Everyone who attends will be given a 5ml bottle of Wild Orange essential oil. All of the citrus oils are very uplifting to the mood. Be ready to be happy when you leave class! Bring a friend or two with you. They will thank you for inviting them.

Blueberry Gardens – 237 Ashton Road, Ashton, MD
Sunday, February 16, 2014 from 1:15pm to 4:45pm
